EXPERIENCE

SDE Intern

Beyond Career

Remote

February 2025 - March 2025

- Implemented Google Sign-In authentication on login and registration pages, enhancing user onboarding experience and security.
- o Organized the codebase using the MVC (Model-View-Controller) pattern, ensuring better scalability and maintainability.
- o Designed and developed RESTful APIs using Node.js and Express.js, enabling seamless communication between frontend interfaces and backend services.

Projects

ChatSphere

January 2025

- HTML, CSS, JavaScript, Node.js, Express, MongoDB
 - Emphasis: ChatSphere is a real-time chat app using Node.js, Express, and Socket.IO for instant messaging. It features JWT authentication, MongoDB storage, Cloudinary media sharing, and an MVC architecture for scalability.
 - Features: Utilized technologies such as EJS, CSS, and JavaScript to create a responsive and user-friendly interface.
 - * Real-Time Messaging Powered by Socket.IO, users can send and receive messages instantly.
 - * Room-based Chat Users can join specific chat rooms for focused discussions
 - * Express.js Backend Built with MVC architecture for clean and scalable code.

Farm Flood Aid [Website]

October 2024

- HTML, CSS, JavaScript, Node.js, Express, MongoDB
 - Emphasis: Developed and deployed a Flood Management website to assist farmers in Myanmar during severe flood conditions. Implemented features like a chatbot for support, a marketplace for surplus crop sales, and NGO contact information.
 - Features: Utilized technologies such as HTML, CSS, and JavaScript to create a responsive and user-friendly interface.
 - * Implemented a chatbot to provide real-time assistance on flood management, waterlogging reduction, and contact information.
 - * Designed a marketplace for farmers to sell surplus crops, reducing wastage and fostering collaboration with
 - * Integrated NGO contact information to ensure farmers can easily access aid and support during emergencies.

Technical Skills

- o Languages: C, C++, JavaScript, Python
- o Tools: Git, GitHub Actions, Google Cloud, MongoDB, MySQL, AWS, Firebase, Supabase
- o Frameworks/Libraries: Node.js, Express, React

ACHIEVEMENTS

- Community Impact Award Winner at the Myanmar Flood Response Hackathon hosted on Devpost for the project "FarmFloodAid".
- HackerRank level 5 C++ Programmer. HackerRank Profile
- o Postman Fundamental Student Expert.
- Google Cloud Arcade Program Participant: Completed 150 labs in the Google Cloud Arcade program.
- Attained the badge of Google Cloud Skill badge.

EDUCATION

Chandigarh University

Mohali, Punjab

Bachelor of Engineering - Computer Science; CGPA: 8.70

September 2023 - Expected June 2027

Govt. Model Sr. Sec School, 37-B

Chandigarh

Secondary School Education (Science); Percentage: 76

July 2021 - May 2023

Stepping Stones Sr. Sec. School, 37-D

Chandigarh

High School Education; Percentage: 89.9
