EXPERIENCE

- Diskovalist** United States (Remote)
SDE Intern June 2025 – September 2025
 - Developed full-stack features using Next.js, TypeScript, and Supabase for scalable web applications.
 - Implemented schema validation using Zod and reusable React hooks to improve maintainability.
 - Automated PDF data extraction using regex and stored structured records efficiently in Supabase.
- Beyond Career** India (Remote)
SDE Intern February 2025 – March 2025
 - Implemented secure Google Sign-In authentication for login and registration to improve user onboarding.
 - Developed RESTful APIs using Node.js and Express.js for seamless frontend-backend communication.
 - Organized backend codebase using MVC architecture to improve scalability, maintainability, and modular development.

PROJECTS

- Binge Watch** March 2026
Node.js, Express, React, FFmpeg, HLS
 - Developed a video streaming platform that accepts uploaded video files and transcodes them into HLS format for scalable playback.
 - Used FFmpeg to generate adaptive bitrate streams with multiple quality levels and segmented .m3u8 playlists for efficient delivery.
 - Designed a custom React-based media player with HLS support, including quality switching, timeline scrubbing, volume control, fullscreen mode, and auto-hide controls.
- SurplusX** January 2026
Node.js, Express, MongoDB, React
 - Built a smart platform to reduce food wastage by enabling restaurants to sell or donate surplus food.
 - Implemented a Smart Allocation Algorithm based on expiry, quantity, and location.
 - Developed role-based authentication and location-based matching between restaurants and NGOs.

TECHNICAL SKILLS

- Languages:** C, C++, JavaScript, Python, Typescript, Java
- Tools:** Git, GitHub Actions, Google Cloud, MongoDB, MySQL, AWS, Firebase, Supabase
- Frameworks/Libraries:** Node.js, Express, React, Next.js

ACHIEVEMENTS

- Community Impact Award Winner at the Myanmar Flood Response Hackathon hosted on Devpost for the project "FarmFloodAid".
- Microsoft Certified: Azure Fundamentals (AZ-900) — Scored **928/1000** [View Credential]
- Postman Student Expert.
- Solved 150+ Data Structures and Algorithms problems on LeetCode and GeeksforGeeks.

EDUCATION

- Chandigarh University** Mohali, Punjab
Bachelor of Engineering - Computer Science; CGPA: 8.74 September 2023 – Expected June 2027
- Govt. Model Sr. Sec School, 37-B** Chandigarh
Secondary School Education (Science); Percentage: 76 July 2021 – May 2023
- Stepping Stones Sr. Sec. School, 37-D** Chandigarh
High School Education; Percentage: 89.9 July 2007 – April 2021
